# EMPLOYERS AND MENTORS (Endorsers)

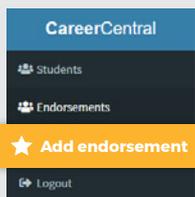

endorseMe® gives young people the opportunity to be endorsed for their employability skills by employers (for paid and unpaid work-experience), coaches, mentors, teachers, community and youth leaders.

## How does endorseMe® work?

You will be asked to **endorse the young person under different categories**. There are a total of 30 endorsements that you could potentially tick. It will only take you between 5-10 minutes to complete.

**You can endorse the young person through their app or the online web portal.**

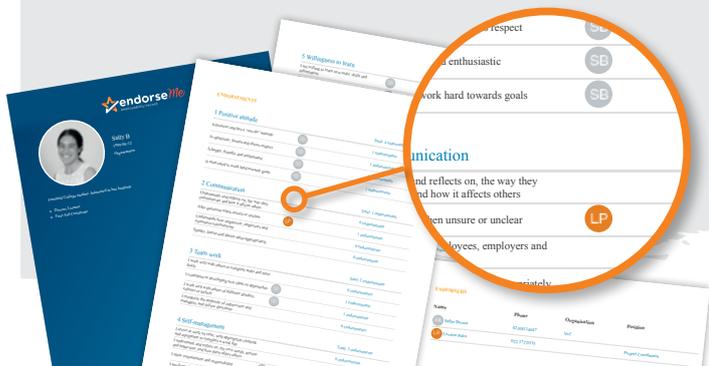

Please note you do not have to endorse any skill that the young person does not yet have or has not yet demonstrated in front of you.

**If you do not endorse a skill or behaviour or attribute, this may be an area that the youth needs to build on or develop further.** Helping to identify skills is still a positive step towards work readiness.

Once the young person has started to collect endorsements on this app, **they will be able to print a summary of their work readiness or employability skills and attach it to their CV. Your name and contact will appear on this.**

## How do I get started?

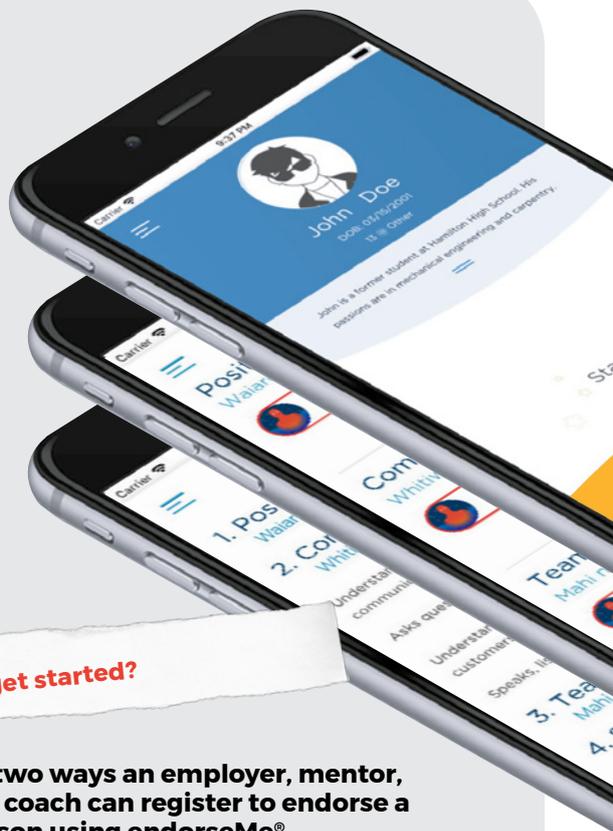

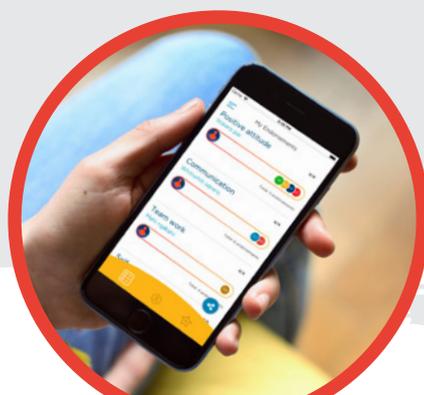

**There are two ways an employer, mentor, teacher or coach can register to endorse a young person using endorseMe®.**

- » You can either be **pre-registered by an admin person** (eg: Gateway coordinator), who will provide you login details
- » Or you can **set up your own account in the young person's app**. Once you have been approved by the coordinator, you will receive an email with your login details to gain access and endorse a young person.

## How will endorseMe® benefit our young people?

This tool will help the young person to identify which skills they already have, and those they need to build on or develop further, which will then help to set them up for a successful transition into long term employment.

**By engaging in the endorseMe® process, you are not only having a positive impact on our youth but also on the economic development of your region by helping to develop a strong, committed and work ready job force.**

**endorseMe® is based on the employability skills framework**, a set of skills or capabilities which have been most commonly identified by New Zealand employers as essential for all young people to be work ready.

**definition: work readiness;**  
making sure our young people have the right skills, attitudes and preparation to help them find and keep a job

**These skills include:** positive attitude, communication, team work, self management, willingness to learn, thinking skills (problem solving and decision making) and resilience.
